

# Billings Clinic

Billings Clinic Family Birth Center has welcomed nearly 11,500 babies into the world since we opened in October 1999. We offer an excellent team of obstetricians, pediatricians and family physicians, with specialists in reproductive medicine and fertility care, maternal-fetal medicine and neonatology, along with attentive nurses and staff. Our unique single-room maternity care means you will stay in the same birth suite for your entire stay – our nurses will care for you and your baby together in a family-centered environment.

For babies with special health needs, we are proud to offer a Level III Neonatal Intensive Care Unit (NICU). Our Maternal Flight Team has specially trained obstetric nurses for emergency flight transportation from outside the Billings area, and neonatal flights for newborn emergency transport to our NICU will begin in October.

As we celebrate our 10th year, the Family Birth Center rocks on with compassionate and comprehensive pregnancy, childbirth and pediatric care.

Choose a Billings Clinic physician for your pregnancy and pediatric care. Learn more at [www.billingsclinic.com/fbc](http://www.billingsclinic.com/fbc) where you can view profiles of our physicians or register for childbirth education classes.

## Starting Life Together

North 27th Street and  
10th Avenue North  
(406) 238-2500 or  
1-800-332-7156

Nursing's Highest Honor

Join us for our 10th birthday celebration  
on Saturday, October 10 from 10 am to Noon.  
We welcome all children born at the Family Birth  
Center, as well as future moms and dads!
